

Release Notes
Product 9505: Test Diagram Generator (TDG) Documentation Tool
and / or
Product 9705: Dynamic Monitor/Changer (DMC)
Version 01.18.01
10 May 2002

1.1 Critical Items

None

1.2 Known Limitations

None

1.3 Enhancements

None

1.3.1 RTDG - Added support for diagram test and statement information

Support to collect, store display and print the diagram test and ATLAS statement information was added. In the Properties page there are now displayed the Statement info and the generation time of the diagram. Both are read only. Also the printed front page can contain the module name, statement number and line number if the user selects the corresponding option in Page Setup menu, General page.

1.3.2 Test Diagrams Explorer - Added support for diagram test and statement information

The Properties frame of the Test Diagrams Explorer screen provides read-only access to the diagram test and statement information.

1.4 Problem Reports

None
